Sally Worby writes: We would like to reduce the number of bees in our garden. If you are interested in one or more of our colonies, we would like about £100, for the frames + bees & I would be happy to deliver them. I hate the idea of giving up beekeeping altogether, so if anyone knew of a site suitable for an apiary, near Shipbourne, contact: s.worby@btinternet.com

Mark Boyce writes: 2-3 Langstroth hives for Sale - hive's include base (some mesh, some not), brood box (with no frames), 1-2 supers (with frames/foundation) & hive lid/top + other items maybe available. Open to reasonable offers.
